REFERENCE.

The attention of the Collector of South Kanara is invited to G.O. No. Ms. 216 Revenue dated 26-1-1937 in which the Government decided that the special loans work in the district should be continued until 31-3-1937. The progress report for the fortnight ending 15-2-1937 shows that there is marked improvement in the work and that the scheme has become popular in the district. The Special Loans Officer also reports that the progress of the scheme is encouraging and that it will be premature to close down the work in the district without further trial in the hopeful firkas of the district. The Collector is accordingly requested to report before 15-3-1937 whether in his opinion the scheme may be continued in the district next year also or whether it may be closed

by 31-3-1937 as already ordered by the Government.

2. Judging from the case of Nellore it would appear that it may not be a wise policy to abandon a district wh there is hope of successfully continuing the scheme for t doubtful prospect of securing better success in a new district. The idea is to take up Coimbatore after closing South Kanara but the Collector of that district stated tha the only area in that district not served by Land Mortgage Banks is the ~~taluk~~ backward taluk of Kollegal and the hill villages of Gobichettipalayam, but as it was out of the question to select these areas he had selected four firkas Udamalpet taluk. Apparently these firkas are served by La Mortgage Banks and there may not therefore be much hope o success in the district. In these circumstances the Board supports the recommendation of the Special Loans Officer and the Collector of South Kanara and requests that the Government will be pleased to direct that the scheme may

be

be tried for another year in the district.

Sir,

Advances - Loans - Relief of indebtedness - South Kanara - Scheme continuance for 1937-38.

Board's Reference F. 4853-36-19 dated 25-2-1937.

******

I submit herewith the report of the Special Loans Officer, South Kanara which was called for by me before the Boards reference quoted above was received. I have received several petitions from ryots of villages in which the scheme is now working asking that applications which are being refused for the reason given by the Special Loans Officer should be accepted.

There is no doubt that the scheme has been a success in the second group of firkas in which it was tried, and I strongly recommend that it should be continued in 1937-38. As soon as the work is nearing completion in the present firkas the staff may commence work in the four firkas now recommended by the Special Loans Office:

Letter from the Special Loans Officer, South Kanara.

Advances - Loans - Relief of indebtedness - Scheme - South Kanara - retention - report submitted

Ref: Your order Ref.B.9-3975-36, dated 5th February 1937

As stated by me in my special reports annexed to my last fortnightly progress report, the special scheme is now well ------- appreciated by the ryots and has become popular in the District. The eligible debtors are coming forward with their applications in sufficient numbers and the creditors are also generally prepared to agree to a reasonable scaling down of their debts. In my ----- opinion the scheme has been working successfully in these firkas since November last and there is a clamour to extend it to other firkas and taluks so that the indebted small ryots of those parts may also avail themselves of its benefits. There is also a ----- strong demand from the ryots to retain the working of the scheme in the present firkas a little beyond 31.3.1937 (till the work is --- completed) and to completely pay off the debts covered by the ---- pending applications. I am afraid that I shall not have sufficie allotment for this purpose at the end of the current financial yea as I expect to exhaust my allotment of Rs.1,00,000/- before 24.3.3 Hence, I have already notified that no loan applications from the present firkas will be entertained by me after 28.2.1937 as there is no possibility of my completing the local enquiry etc., in them in time for disbursements being made before 31.3.1937 even if ther should remain a small balance after 24.3.1937.

2. I consulted the Tahsildars of Mangalore and Udipi regarding the extension of the scheme to the hopeful firkas of their taluks. They think that the scheme may be extended to the Surathkal and Moolky firkas of Mangalore Taluk and the Kaup and Udipi firkas of Udipi Taluk, which lie contiguous to them,

and form a compact area for touring etc. The distance of the farthest village of Udipi Taluk from Mangalore will be also much less than what it is now in regard to the villages of Puttur -- Taluk, where I am working. The Tahsildars have furnished me with the lists of villages in the 4 firkas proposed for the -- extension of the scheme. Copies of these lists are enclosed. I consider that the scheme will prove successful if it is --- extended to the other hopeful firkas in this District, the ryots of which are poor, and heavily indebted, and I support the -- Tahsildars' proposals that the two firkas of Surathkal and Moolky of Mangalore Taluk and the two firkas of Kaup and Udipi of Udipi Taluk may first be tried at the beginning of the next financial year. I have already reported that a sum of Rs.2,00,000/- may be allotted to this District for the year 1937-1938, out of which Rs.50,000/- is the balance out of the 1½ lakhs originally ---- sanctioned by Government for this District for disbursement till the 15th June 1937 (the close of the one year's period from the opening of the Loans Office in this District.

3. Some of the Non-Official gentlemen here think that South Kanara District, though very poor and difficult for working the scheme, has taken about the 6th place among the ten districts in which the scheme was tried this year and that it is premature to close the work in the District now.
